

PHARMACOLOGY INTERNATIONAL

• The semi-annual newsletter from the International Union of Basic and Clinical Pharmacology •

 [CLICK HERE TO VISIT OUR WEBSITE](#)

Please find the latest edition of Pharmacology International. In this issue we concentrate on the governance changes for IUPHAR which will make a major difference in IUPHAR, in IUPHAR's interactions with stakeholder societies and for the future of pharmacology around the world. Thus, it is CRUCIAL that these changes are discussed in your next society meeting and distributed throughout your membership. We welcome your feedback!

We realize how difficult 2020 has been and we hope that pharmacology can help us get back on track and allow us to meet at WCP2022 in Glasgow.

We wish you all the very best at the end of the year and a Happy Christmas!

Michael Spedding, René Ciarametaro and Ingolf Cascorbi

EDITORIAL

2020 was shaped by the Covid-19 pandemic, which exposed us all to considerable restrictions, both professionally and privately, as well as unprecedented demands and sometimes also brought great worries and even human losses.

NC-IUPHAR Fibrosis Symposium

NC-IUPHAR has organized high-level scientific meetings for receptor classifications for over three decades which have validated the molecular basis for modern pharmacology. NC-IUPHAR successfully held a virtual symposium on Fibrosis in November.

WCP2030

Call for submissions to hold the World Congress of Pharmacology 2030 (WCP2030) delayed by two years to 2024.

Because of the COVID-19 crisis, and also changes to IUPHAR's governance, we will not hold the selection of bids to hold WCP2030 at the IUPHAR General Assembly at WCP2022 in Glasgow, but two years later at a special General Assembly. This is because at present it is difficult to predict the long term effects of COVID-19 on travel and conferences, rendering it impossible for societies to prepare bids. Hopefully by 2024 the situation will be resolved.

Pharmacocareers

Post job listings or search for jobs within pharmacology [here!](#)

Editor-in-Chief: Michael Spedding, IUPHAR Secretary General

Managing Editor: René Ciarametaro, IUPHAR Executive Officer

The IUPHAR Executive Committee serves as the Editorial Board.

For submissions, please [contact René Ciarametaro](#), Executive Officer, IUPHAR.

SUPPORT THE FIELD BY DONATING TO IUPHAR!

The International Union of Basic and Clinical Pharmacology funds its many worldwide projects through donations and annual membership dues. Your support helps IUPHAR offer for free such resources as the Guide to PHARMACOLOGY and the Pharmacology Education Project.

Has pharmacology improved the quality of your or a loved one's life? Then please help IUPHAR better medicines through global education and research with a donation.

IUPHAR is a non-profit Society according to Article 60 of Swiss Civil Law in Basle, Switzerland.
